**Finantek**®  
Banking Equipment Solution

**Finantek** money counters provide a total count of the notes in the supply hopper. It can identify different denominations to provide a total value of mixed banknotes fast and accurately, even those that are upside down (IDR 10.000, 20.000, 50.000, 100.000). Detect counterfeit by magnetically censor, UV, and IR.

With 3 main types of functions by easiest operation;  
Smart; for counting, counterfeit detection and denomination correction (add and batching)  
Count; for counting any currency (add and batching)  
Sum; total value counting for mix denominations (IDR 10.000, 20.000, 50.000, 100.000)

**Finantek** money counter, specially produced for Indonesia, very useful for banking, money changer, post office, gas station, and others commercial stores in Indonesia. Fast and reliability, efficient and secure for your company.
